

Sponsor a School

What We've Done So Far

John Hall has made 100s of school presentations over the last two years and has received incredibly positive responses to his 'Power of Please' program. He has worked with numerous teachers and 1000s of students, showing them how using good manners will help them get along better with others.

What's Next

Now we're ready to do a video version of the 'Power of Please' - and we're going to give it to 100 schools to try out. The cost of this pilot program will be about \$500 per school.

What You Can Do

Please sponsor one or more of these Schools. You may be able to sponsor two or three schools. Or some of you may want to go together with friends, a club, a youth group or a PTO to sponsor a school. Every contribution regardless of the amount will help sponsor one of these schools.

Just think about the huge impact the 'Power of Please' program can have on our children and on our society.

How Do I Sponsor A School?

Sponsoring a school is easy. If you want to use a credit card, PayPal or an e-check just go to our webpage www.powerofplease.org, click on the "Sponsor A School" tab and then click on the "Donate" button at the bottom of the page.

If you'd prefer mailing a check, write to:

Power of Please, PO Box 682706, Franklin, TN 37068

And remember, whatever the amount of your contribution, you will be helping to sponsor one of these schools.

What You Get Out Of It

Here's the bottom line: when you help sponsor a pilot program school you will be helping to start a Manners Movement in America. And that's a gift that really will last for generations to come.

Thank you in advance for your generosity – and for caring about our children.

Because Good Manners really are a Good Thing – for everybody.

Where Is 'Pop' Headed?

As the 'Power of Please' pilot program progresses, we will be seeking corporate partners to fund the development of a large scale version of 'POP' that will be made available to schools nationwide. Your suggestions or connections will be extremely valuable as we look for just the right match.
